

BRITISH PUSH BACK THE GERMANS ON BOTH BATTLE FRONTS DURING THE NIGHT

Autumn Attack North of Albert is Repulsed After Sharp Fight; Artillery Hammers British Positions Astride the Somme; Ten Americans Killed, Five Die of Wounds, Latest List Discloses.

RUSSIA'S AMBASSADOR ENROUTE TO BERLIN

LONDON, April 22.—The British advanced their lines slightly last night in local operations on both of the principal battle fronts, the war office announces.

A strong local attack by the Germans on the front north of Albert was repulsed after the enemy had captured one of the British advanced posts.

The statement follows: "Early in the night a strong local attack, accompanied by heavy shelling, was made by the enemy against our positions in the neighborhood of Mesnil, north of Albert. After sharp fighting, in the course of which the enemy succeeded in capturing one of our advanced posts, the attack was repulsed.

"A number of successful raids were carried out by us at different points south and north of Lens, resulting in the capture of soldiers and machine guns.

"There has been considerable artillery activity on both sides on different sectors of the British front. The enemy shelling has been directed chiefly against our positions astride the river and the river in the Lens sector in the neighborhood of Pastubert and in the Nieppe forest."

NAVY DEPARTMENT REDUCING SOFT SHIPS.

WASHINGTON, April 22.—The Navy department has followed the example set by the various bureaus of the War Department in ordering that substantial cut be made in the number of reserve officers of draft age assigned to duty in Washington. Inspections have just been issued by the bureau of navigation limiting the "core service" of members of the reserve to six months unless unusual circumstances necessitate an extension. Vacancies will be filled as far as possible with women or with men above the draft age.

MARKLETON HAVEN FOR SOLDIERS WITH TUBERCULAR TROUBLE

This is indicated by Arrival of First Lot of 41 There on Saturday Morning.

That Markleton sanatorium is to be used as an institution for the treatment of soldiers who fall victims of tuberculosis is indicated by the first lot of 41 who arrived there Saturday morning, part from France, part from American army camps. All are suffering from lung affection, though some have been engaged in action in France and are suffering from the effects of gas.

The initial arrivals were 20 white men, of whom 15 had been in France, and 20 blacks. One of the men from the battle zone is suffering from slight wounds said to have been inflicted by a fragment of a bomb dropped from a German aeroplane, back of the lines. He was in the hospital service.

A dozen or more nurses are in attendance at the sanatorium, which is under a guard of soldiers. Repairs and improvements to the building are proceeding satisfactorily.

FAREWELL AT MONARCH FOR CAVALRY RECRUIT.

A most enjoyable party was given at the home of Mrs. C. W. Keffer of West Penn, Wednesday, April 17, in honor of her brother, Arthur McConkey, who enlisted in the cavalry branch of the army last Monday. He left Thursday morning for Pittsburgh and will go to Columbus, Ohio. The monarch band rendered patriotic music. Dancing and playing games were the main features of the evening. At a late hour lunch was served by the hostess, Mrs. McConkey. The recipient of many suitable gifts including a watch bracelet.

SLACKER ARRESTED

Man From Rochester Nabbed at West Penn Power Plant. I. F. Hornbeck, a guardsman at the West Penn power plant, was instrumental in rounding up a colored slacker, Virgil Sanders, 22 years old, of Rochester, Pa., this morning. Sanders had loitered around the power plant all night, but his presence was not discovered by the guards until the whistle blew this morning. Stating he was from Rochester, Sanders applied for work. His queer action caused Hornbeck to become suspicious of him, and while he was detained by guardsmen at the plant, employees got in touch with the draft board at Rochester, Pa., and discovered that Sanders disappeared from Rochester immediately after being summoned to leave for military service. The local draft board was notified and Sanders was placed under arrest and brought to the local police station by a West Penn policeman.

"THE TIGER" APPEARS

High School Number Will Be Found on Another Page of This Issue. On another page of The Courier today appears for the first time a space devoted to high school news, under the heading of "The Tiger." The news is written by students of the high school, and the space in this paper is given once each week for the publication of items which are of interest to the school and to parents and friends of the students. Future numbers of "The Tiger" will appear in Saturday editions. C. E. Keagy and N. S. Floto, both members of the Senior class, are editors of "The Tiger." "The Tiger" is being published weekly on account of the lack of a school paper in the local institution. Prof. Frederick Smith is "censor" of the school news.

QUAKE DAMAGE \$150,000

California Towns in Ruins From Earth Tremors. LOS ANGELES, April 22.—More than one third of the business district of San Jacinto and a smaller proportion of that of Hemet, both in Riverside county, about 70 miles east of here, were in ruins today and scores of residences in the two towns were wrecked by a series of earthquake shocks which caused all of southern California to tremble late yesterday afternoon. The property damage is estimated at from \$100,000 to \$150,000 in the two places.

MUD SCHOOL STUDENTS PICNIC

**Canvasser Arrested for Disorderly Con-
duct and Selling Without License;
Chief of Police Puts Quarters on Re-
ports She is Man in Woman's Garb.**

Special to The Courier.
SCOTSDALE, April 22.—Miss Lucy
Glassburn, who teaches the mud
school, Bullskin township, gave a pic-
nic at the school on Friday. In ob-
servance of the closing of the school,
Miss Glassburn, who had charge of the
registration of women from this
neighborhood, made this her registra-
tion day, and when the mothers and
older sisters came with the children
to the picnic they were there to regis-
ter.

Parsonage Blown Over.
The Paradise Evangelical church is
at the mud school house, and for some
time the people there have been con-
sidering building a parsonage for the
pastor, the Rev. Mr. Bishop. Friday
the house was raised ready for the
weatherboarding and roof. During
Friday night's heavy mountain storm
it was blown over and at least \$100
damage was done to the building.

Firemen to Give Dance.
The Everson Volunteer Fire De-
partment will give a dance in the Ty-
rone hall, Everson, Tuesday evening,
April 30, from 8 until 12. Kierle's
orchestra will furnish the music. The
committee in charge is Albert Whaley,
Ben Maltz and Ray Clites.

Make Ready for Outings.
The committee in charge of the
summer home of the First Presby-
terian church in the Indian creek val-
ley making an appeal to persons
cleaning house, not to forget the
things that they need at the summer
home. They have announced \$4 and
\$6 as the price per week to be
charged for boarding the coming
summer, but state that this is for war
rationals which they intend to serve.

W. C. T. U. Meeting.
The meeting of the W. C. T. U. on
Tuesday evening will be held at the
George street home of Mrs. E. I. Mc-
Gee.

Canvasser Arrested.
A woman canvassed Scottsdale
selling toilet articles. She was reputed to
be rather masculine looking, and
talked in such a manner to the house-
wives that they would almost always
buy to be rid of her. The matter was
reported to Chief of Police Frank Mc-
Cadden, who located her canvassing
downtown and he arrested her and
brought her to the Borough building,
where she was fined \$1 for disorderly
conduct and selling without li-
cense. She refused to give her name.
A report was circulated that the woman
was a man and woman, but Chief
McCadden stated that the one in
which people pictured her as a Ger-
man spy.

Drifter Released.
Isaac McLaughlin, who went with
the draftees to Camp Lee a short time
ago, has been returned from camp.
Mr. McLaughlin was turned down
after an examination in camp.

Reader in U. B. Church.
Under the auspices of the Woman's
Third Liberty Loan committee, Lieu-
tenant George H. Roider will give a
lecture in the United Brethren church
instead of the Scottsdale theatre, as
was announced. In addition to an in-
tensely interesting talk he brings with
him six army trunks of war materials
and equipment gathered by him while
in service. A silver offering will be
taken.

Again a Loan.
A gain for Liberty alone. We gave
our patrons Thrift Stamp all day
Saturday with every purchase in pro-
portion to 10 per cent. of the pur-
chase to encourage savings and help
the government. We will continue
doing so on Monday also. Come in and

BAD BREATH
Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the sub-
stitute for calomel, act gently on the bowels
and positively do the work.
People afflicted with bad breath find
quick relief through Dr. Edwards'
Olive Tablets. The pleasant, sugar-
coated tablets are taken for bad breath
by all who know them.
Dr. Edwards' Olive Tablets act gently
but firmly on the bowels and liver,
stimulating them to natural action;
clearing the blood and gently purifying
the entire system. They do that which
dangerous calomel does without any
of the bad after effects.
All the benefits of nasty, sickening,
gripping cathartics are derived from Dr.
Edwards' Olive Tablets without gripping,
pain or any disagreeable effects.
Dr. F. M. Edwards discovered the
formula after seventeen years of prac-
tice among patients afflicted with
bowel and liver complaint, with the
attendant bad breath.
Dr. Edwards' Olive Tablets are purely
a vegetable compound mixed with olive
oil, you will know them by their olive
color. Take one or two every night for
a week and note the effect. 10c and 25c
per box. All druggists.

**This is Leonard
Week--April 22 to 27**

Take this opportunity to learn all about refrigerators. Make it a
point to come to our store—see our special display and let us
tell you all the advantages of the famous Leonard Cleanable.

**FOR the benefit of our
customers, we set
aside this week to make
a special display of Leon-
ard Refrigerators. It will
be your opportunity to
get the inside facts about
refrigerators and refrigera-
tor construction.**

We take a special pleasure
in explaining the features of
the Leonard Cleanable to our
customers. Its many points of
superiority are easy to demon-
strate and to understand.

Leonard Cleanable Refriger-
ators have a one-piece porce-
lain lining made of three coats
of the finest porcelain lining on a
basis of Armco
Rust-Resisting
iron. It can
not break, crack
or chip. It has
inside rounded front
corners—an ex-
clusive, patented
Leonard feature.

Ten walls save your ice.
The Leonard Cleanable has ten in-
sulated walls to keep the heat out and
the cold in. You will note the saving
in your ice bills with this refrigerator.

Moreover, the perfect circulation
of air is worked out on a strictly
scientific basis. The air-tight locks
make the door practically self-closing.

A permanent investment
A properly built refrigerator should
last you a life-time. For this reason
it is economy to select a refrigerator
that has been made with all the skill
and care of a fine piece of furniture.
In brief, make your refrigerator pur-
chase a permanent investment.

Don't fail to come in some time
during the week and see the Leonard
Cleanable and other models. Ever
though you are not planning to buy
a refrigerator right now—this is your
chance to see all the models and plan
just what kind you need.

**NEAR DEATH!
Saved by a Miracle**

LINDEN HALL, Pa.—"Two years ago
my back began to feel weak and pain-
ful, but I didn't pay
any attention,
thinking it would
soon get all right
again. But in-
stead I got worse,
and I called the
doctor. He gave
me some medicine
and I got worse. I
went to bed. Some-
times he gave me
pills, then powders,
then liquid medi-
cine. This went on
for eight months.
My appetite was gone and my weight
dropped from 190 to 130. I could not
sleep only when forced by an opiate.
I was up and down. Sometimes my water
would look like spring water, then like
blood, then like milk, and pained me.
We sent for a trial package of Auric.
I took them, and the pain let up. I got
two more bottles and was up and around
the house, and after using two more I
went to work again. Doctor Pierce's
Auric Tablets alone saved my life. One
day I plainly asked my physician if I
was going to die. He pointed to an
apple hanging outside my bedroom win-
dow and said my life was like the apple
—no telling when it would drop. Just
then the trial box of the Auric Tablets
came, and a great change with them.
Thank God and Dr. Pierce for restoring
my health."—ANDREW C. SMITH, Box 15,
Fair Hope, Pa.—"I hereby testify
that I used Dr. Pierce's Auric Tablets
for kidney trouble, and they have done
me so much good that I would like for
all other people who are bothered with
kidney trouble to use them. I have used
a great many kinds of medicine but none
has helped me or has done me as much
good as Auric."—MRS. ARNOLD WIL-
LIAMS, Fair Hope, Pa.

NOT THE KIND OF "KULTUR" WE NEED IN AMERICA.

Amid the proposal to eliminate the
study of the German language from
the public schools, and in confirma-
tion of the views expressed in these
columns Saturday, an address by
Lieutenant Governor Frank B. Mc-
Clain before the Philadelphia Board
of Education, is of timely interest.
Taking the position that the mission
of our schools must hereafter be the
more complete "Americanization" of
our people, and the inculcation of a
stronger, wiser, and better national
spirit, Lieutenant Governor McClain
said:

Under existing conditions I natu-
rally hate to give the Germans credit
for a single valuable idea; but for all
that it was Bismarck who said, and
truly, too, "What you want to put
into the state you must first put into
the school." He matched his words
with action and by planting the doc-
trine of might in the daily lessons
taught to the children of Germany
sowed the seed which now is bearing
fruit in the fiercest struggle that is
rocking the world. To justify the
German's faith in the efficiency of
such a plan of education one has to
read the record of the last three
and a half years, which record has
been made possible by the existence
throughout the German empire of a
"unity of thought" toward the Ger-
man state, a national spirit which has
no counterpart since the days of the
Caesars, when the highest type a man
could have was that of a Roman citi-
zen.

To my mind, there is great neces-
sity for our following the example
which the Germans have set in the
matter and to inculcate in the hearts
of our children a stronger, bigger and
better national spirit. Not the Ger-
man spirit that "might makes right,"
not the false philosophy and govern-
ment with which the Prussian mili-
tarists seek to regulate civilization,
but instead the philosophy of right and
the spirit of "America first," to incul-
cate through our system of public
education and to plant in the hearts
of our children, not only our Ameri-
can-born children, but as well the
children of an alien parentage, ap-
preciation of the national blessings
which our form of government be-
stows upon those living under the pro-
tection of its flag.

If we are to maintain and perpet-
uate the great principles to which
this Republic is dedicated it is ab-
solutely essential that our children
be trained—yes, saturated—with the
trend and meaning of our ideals and
government. But this will never be
possible until we bring about a change
of method in our system of public in-
struction and semi-public instruction
so far as the teaching of foreign
languages and foreign traditions are
concerned.

So long as we continue not only to
recognize but to encourage such prac-
tices we will be sowing the seed which
later on is sure to blossom into a large
crop of American Bolsheviki. And it
requires no vision to see the van-
guard of the army of social and
economic revolutionists forming. Their
significance and their strength have
not yet seriously attracted our at-
tention, but when the present world
war is over and the time has come for
adjustment of things social and econ-
omic, from the hysteria and inflation
of these feverishly excited days to a
normal level, and calm of peace time is
ours, I fear that they will have a
significance that will cause us to re-
flect upon our past liberality in our
naturalization laws and the kinds of
teaching we have permitted under our
educational code.

Let the colleges and higher insti-
tutions of education, if they will, equip
their students with the knowledge of
foreign countries for their scholars will
have passed the plastic age of youth
and will have reached the time of life
when they reason for themselves and
the same impulse will not be re-
sisted as it was in the immature and
impressionable age of childhood.

I am aware that a great many edu-
cators, a few philosophers and some
business men hold that the cultural
value of the German language and
literature is just the same as it was
before the war and that these are of
too great benefit to us to lose. My
opinion is that the great benefits to
which they refer have been over-
estimated. Then, as an American,
I believe that we can do without a
"Kultur" which in its highest devel-
opment suggests the need of a world
where the pitilessly killed, stands women
bent on errands of mercy up against
a stone wall to be shot like Nurse
Cavett; a "Kultur" which makes us
men human brutes run wild in crime
and ferocity and that gives birth to a
fendish selfishness the like of which
the world has never known and which
is shared with which the atrocities of the
unpardonable Turk have been humane.
I vigorously dissent from the neces-
sity of a "Kultur" of that kind for the
use of this nation.

The German language is not itself
responsible for the "Kultur" from
which Lieutenant Governor McClain
so vigorously dissents, and in which
all robustly earnest Americans will
dissent. But having been employed as
the means through which this and
other pernicious doctrines have been
propagated, the continued teaching of
the language in schools becomes
not only undesirable, but dangerous.

"For God's Sake Hurry Up!"

Richard H. Edmunds, Editor, Manufacturers Record.

If a brute had attacked your
wife and murdered some of your
children, would you, while his
hands were dripping red with the
blood of your loved ones, talk
peace with him?

If such a fiend wanted to dis-
cuss peace-terms with you while
still attacking your daughters,
would you fight, with all the pow-
er that God gave you, to throttle
the beast, or would you parley
back and forth and suggest that
the master might be settled on
some basis which left the rapist
and murderer unpunished and free
to take all the loot of which he
could get your house?

On the battlefield of Europe
our loved ones are being mur-
dered—for remember Germany's
war is a definite war of murder,
outrage and every electric
spark which sweeps across the
Atlantic from the trenches in
France, will bring an ever-increas-
ing list of these murdered men
who have gone out to save us
from the attack of the murderer
and the rapist.

Our Allies, who for nearly four
years, with superb heroism and at
a fearful cost of men and money,
have stood between us and Hell,
are calling to us: "For God's sake,
hurry up," ere it be everlastingly
too late.

But we talk about peace, when
there is no possible peace except
the peace of death to us or death
to Germany's fearful hell-begotten
power.

Some men and women do not yet
comprehend the meaning of
this war, some are pre-Germans,
some are German spies, some are
cowards who disgrace the moth-
ers who gave them birth, and
some are simply plain everyday
fools who should go out and root
and live with the swine of the
field until the appointed time to
be killed for the good of mankind.

Peace! There can be no peace
between Heaven and Hell, between
God and Satan!

Peace with the unrepentant, un-
happily rapist and murderer!
Peace with the vilest criminals
who ever blackened the records
of man's history!

Peace with the outrage of your
wife and daughter as you look on!
Peace with the cold-blooded
butchers who murder your be-
loved son and the sons of millions
and millions of others!

Is there anything on earth so
craven, so bereft of soul that it
would claim to be a man and yet
be willing to parley with these ac-
cursed murderers and worse, led
by "William, the accursed?"

"Is life so dear or peace so
sweet" that we are willing to per-
mit any word of peace to be at-
tended until we have throttled the
beast and fought him to a finish?
And then, when he cries for
mercy, let there be no mercy ex-
cept such as he gave to Belgium
and France, no mercy except
mercy to all civilization for all the
centuries to come, expressed
through the gallows as these foul
blobs on mankind, the Kaiser and
all his associates, pay the just
penalty for their unspeakable
sins.

Then and not until then should
we have one word more to say to
Germany or to Germany. Now our
supreme duty is to fight, fight to
kill, kill until these brutes realize
that a mightier power than theirs
has been sent by God to do His
work in their utter destruction.

They are murdering our loved
ones. Every day brings the toll
of death and every day for years
we must suffer the awful agonies
which our Allies have endured,
and there is no power to lessen
this toll of our innocent loved
ones, except we kill and kill and
keep on killing the murderers who
like wild beasts are seeking to de-
stroy the world.

This is our task. Let us forget
all else, let us make sure that no
word of thought of peace shall be
uttered in this land; let us deter-
mine to create the mightiest fight-
ing machine ever built by man and
to drive it with all the power of
one hundred million freemen who
seek to save ourselves and the
world from the destruction of
Hell's most active workers.

If President Wilson and Secre-
tary McAdoo want to make the
Liberty Loan go with a rush, if
they want to quicken with super-
human power the energies of this
country, let them call the nation
to the struggle on this definite
basis and on the basis of death to
every German spy and life im-
prisonment for every pro-German
and say that not a word of peace
shall be uttered in America, not a
word of parley, directly or in-
directly, shall be held with any of
these red-handed murderers—
then the nation will leap forward
to war and to victory.

THE PROTECTOR

I hope the end of war is nearing
and when the peace bells chime, the
men enriched by profiteering will have
a beastly time. Just now, in all the
hurly-burly, they may put things
across by profiteering late and early,
stack up a lot of dross, just now
they may be undetected, we have so
much on hand with countless problems
unexpected to solve and understand.
We are so busy chasing traitors, un-
earthly evil spies, we're wearing out
our Sunday salters, and skip the
cheeky guys. But soon or late they'll
all be spotted, no man can be exempt;
and they'll be beaten down and swat-
ted by honest men's contempt. The
opt for may be forgiven but pardon
there'll be none for him whose bar-
gains all were driven to help out
Number One. We may forgive the spy
whose labor was King of Kings, but
damned the work of one who kills his
neighbors can never be explained.
When war is done, and clouds have
lifted, and stars have come to sleep,
we'll see that all the goats are sifted
and sorted from the sheep. Then
happier the ragged banner, without a
hole in hand, than any man who
thought it proper to cheat his native
land.

Date for the Annual Commencement Exercises is Changed From May 28 to May 27. Old Riverman Dies Suddenly at His Home Here, Notes.

Special to The Courier.

MT. PLEASANT, April 22.—At a special meeting of the school board Friday evening the date of the class play was changed from Tuesday, May 28, to Monday, May 27.

Prof. H. H. DeLong was re-elected principal for a three-year term at \$2,100 per year. The following teachers were elected:

Grades.—Della DeVaux, Carrie E. Noss, Anna E. Berthel, Edith R. Rhodes, Edith Zundell, Dolly C. Mitchell, Lucille Noss, Adelaide F. Ramsay, Vida E. Shuman, Margaret N. Hurst, Mailla N. Gilles, Charlotte E. Page, Grace E. Brown, Susan Overly, Viola Stevenson, Isa O. Christner, Opal L. Berthel, Mrs. Presley Hurst, Anna Edwards, Araminta Galley, Mary A. Ramsay, Eva Plotner and Bertha Springer.

High School.—Blanche M. Galley, Francis E. Boals, Dorothy M. Morris, Anna B. Yothers and Margaret Fulton.

No assignment of rooms were made nor were salaries fixed.

Thomas S. Speakman.

Thomas S. Speakman, aged 33 years, died very suddenly at his West Washington street home on Saturday morning at 10:30 o'clock. Funeral services were held from his late residence on Monday afternoon at 2 o'clock and interment will follow in the Mt. Pleasant cemetery. Mr. Speakman had been a resident of this town for the past 12 years, and previous to that had been a riverman for 35 years, stationed at Lock No. 6 at Rice's Landing. He is survived by his wife and two sons, William D. Mt. Pleasant, and James J. Wilkinsburg, and one daughter, Mrs. William C. Galley of West Washington street.

Other Notes.

William Snyder of Camp Lee, one of the first draftees to leave the town, is home on a furlough.

Miss Dorothy Morris is spending the week-end with friends in Johnstown.

Mrs. Morton Echard has returned to her Mountain Lake Park home after a visit paid friends here.

DIVIDENDS FROM PLEASURE

Somehow or other it is hard for some of us to realize that work is not a curse; that the man who would find real happiness can find no better place to seek it than in his work. Work is play when approached in that manner. But we have been making ourselves believe that work is unpleasant merely because it is work. We can never reach that bright place in the sunlight of success which we call the "top of the ladder" as long as we persist in adopting that attitude. Nobody ever has, and nobody ever will.—Industrial Conservation, New York.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

SOISSON THEATRE

Monday, Tuesday and Wednesday, April 22, 23 & 24

Coming fresh from a remarkable engagement at the Cohan Theatre, New York, where it was the supreme photodramatic sensation of the year, we are to see "Redemption," with Evelyn Nesbit and her son, Russell Thaw.

In this, her screen debut, Miss Nesbit became a star over night. Broadway went wild over "Redemption." It was a profound sensation, winning instantly by superb photoplay, the thrill and tense interest of its narrative, the great mother-love displayed by the heroine. Miss Nesbit's truly wonderful emotional powers, the excellent cast and fine stage direction by Julius Steger and Joseph A. Golden, nothing just like it ever had been seen before and Broadway enthusiastically welcomed the novelty. Special music for this show, which starts at 2 o'clock each day and runs continuous until 10:45 P. M.

Prices, Afternoon, 10c and 20c; Night, 15c and 25c. Don't Miss This Big Show

At the Theatres

THE PARAMOUNT.

"THE SHELL GAME"—A five-part Metro feature, in which Emmy Wehlen, the exquisite screen star, is seen in the leading role, is being presented today. Miss Wehlen is supported by Henry Koehler, one of the best known actors on the American stage. "The Shell Game" is a picturization of Kenneth L. Roberts Saturday Evening Post story, "Good Will and Almond Shells." It has both serious and light moments. It gives the star an opportunity to display both her wonderful artistry and her exquisite gowns. For she has not been named "Exquisite Emmy Wehlen" without a reason. The story is a light and entertaining one. It is the theory of "Silk" Wilkins that everybody is sentimental around Christmas time, and in scheming to profit by this fact, he experiments with a wealthy man, Lawrence Gray. In a seeming burst of confidence Gray states he lost his wife and daughter many years before in a flood. Wilkins finally proceeds to find a daughter for him, using for this purpose a girl whom he rescued from committing suicide. Emmy Wehlen is attractive as the girl in the case, and Mr. Koehler gives a fine impersonation of Lawrence Gray. A selected comedy is included in the program. Tomorrow "Little Red Decides," a Triangle feature, will be presented, and on Wednesday "Carmel Myers" will be starred in "The Wild Girl." Thursday, Ethel Clayton, the screen favorite, will appear in "The Witch Woman," a World attraction.

PICTURES AT THE ARCADE.

At the Arcade today and tomorrow pictures only will prevail. There will be no musical show. Edwin Arden, the famous romantic actor, supported by Romaine Fielding, will be in the greatest picture ever made of the west, "The Eagle's Nest." It is a romantic tale of the pioneer days when the west was wild. It is a delightful love story woven around General Custer's last battle, and is historically correct. It was made by the United States Army and the original prints are preserved in Washington. Every scene is full of intense interest, the action being rapid. It is replete with amazing feats of horsemanship and deeds of daring by soldiers, cowboys and brave women. Edward Arden was seen in person in this play years ago at the old Newmyer opera house. To all Connelleville theatregoers who love the wild west for its adventure, he had remained an idol ever since.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c in extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

THE SOISSON.

Evelyn Nesbit and her son, Russell Thaw, in Julius Steger's production of "Redemption," will be seen at the Soisson theatre today, tomorrow and Wednesday. This attraction, which because of its novelty and sensation has attracted country-wide attention, will prove the surprise of the year. For weeks the Cohan theatre in New York was packed to overflowing; hundreds were turned away daily and the vast audiences were moved to tears as the story was unfolded, real by feel. Evelyn Nesbit is known the world over, and she has proved herself not only an exceptional screen subject, but an emotional actress of really great ability. There are heart throbs that bring tears to the eyes. There is truth in the story to amply justify the theme, and above all, it makes one feel deeply mother live. Here and there are touches of comedy to relieve the tense dramatic situation, the result being an almost perfect photodrama. Julius Steger and Joseph A. Golden directed the production, and they have given it every advantage in the way of a competent cast.

ORPHEUM THEATRE.

"THE SPIRIT OF '17" is the latest of Jack Pickford's pictures, and portrays a patriotic youngster of the middle west, who, with the help of a number of war-out old veterans of the Civil war, saves his town from German spies who attempt to blow up a mine and who also have incited a strike. The production is an interesting one. Tomorrow William S. Hart is featured in "Wolf Lowry." The story circles around the one love adventure of a solitary man's life, a love that ends in self-sacrifice and relinquishment.

SIR THOMAS LIPTON STILL AFTER THE CUP

Sir Thomas Lipton, personal challenger for the America's cup, consistent loser and good sportsman, has not abandoned hope of eventually capturing the famous trophy. In fact, the British yachtman already is laying plans to send "Shamrock" IV after the coveted prize as soon as the war ends. Capt. Walter M. Marks, Sir Thomas' representative, arrived in an American port recently with instructions to inspect the cup challenger, which has been laid up in the Erie basin since the postponement of the races of 1914. Captain Marks is to report to the owner as to her condition.

The Voice of Lincoln

"We accepted this war for a worthy object, and the war will end when that object is attained. Under God, I hope it will not end until that time."

Fifty-four years ago when many people were asking, as some are asking to-day, what was the use of the war, Abraham Lincoln replied in the above stirring words.

The voice of Lincoln can be heard in America today. His appeal is for us to keep up the struggle until the object of the war is obtained and the world is made safe for democracy.

Every person in this country has a distinct share to do and YOUR share is to buy LIBERTY BONDS to provide the United States Government with the necessary money for carrying on the war to a successful end.

The more Bonds you buy, the quicker will the war end and the more American soldiers will return home safe and sound.

These American soldiers are risking their lives, but the buyer of LIBERTY BONDS does not even risk his money. When you buy a LIBERTY BOND, in addition to the satisfaction of performing your patriotic duty, you get the best investment in the world—a United States Government Bond, guaranteed by the richest nation in the world.

FRESHMEN LEAD

And Seniors Are in Last Place in Thrift Stamp Purchases.

The Thrift Stamp sales in high school last Tuesday amounted to \$407.35, making a grand total of \$2,730.24 purchased to date. The purchases by classes are as follows:

First year	\$122.15
Second year	32.55
Freshmen	138.69
Sophomores	53.25
Juniors	45.55
Seniors	14.00

It was the Seniors who got left this time. Let's make Tuesday the banner day.

Visit Delaney's Cave.

About 75 C. H. S. students and teachers under the leadership of A. H. Woodhead, of the biological department, made a trip to Delaney's cave and the White Rocks on Saturday. A special car was chartered, leaving the West Penn at 7 A. M. and returning at 7:30 P. M. This is the second time a trip has been made to the cave by C. H. S. students.

Society Makes Row.

The Sophomore Literary society held its first meeting and program in the auditorium last Monday afternoon with a large attendance present. The society is newly organized and has great hopes for the future. It is under the supervision of Miss Jean Armstrong.

Movies Popular.

With the coming of spring and this warm weather a great many high school students have moved their headquarters to downtown movie houses.

All in Red Cross.

Every student in C. H. S. is now a member of the Junior Red Cross, making a 100 per cent membership. Few schools can say this.

Term Waning.

Only about eight more weeks and the school term will be at an end.

IT'S NEW.

That's about all we can say for ourselves at present, but we are a coming factor. This is not the first time a project like this has been started in C. H. S., but it is the first attempt the present student body. Previously the attempts were failures, but now, with the help of the readers, and especially the students of C. H. S., we hope to make The Tiger a success. The Tiger will be devoted not altogether to stiff and formal news but to fun and amusement such as the little things that happen in every day school life. This is the students' department and we have been given this space for their benefit. All contributions from the students and suggestions from anyone will be gratefully received. The Editors.

We see that the state legislature has fixed an age limit of 60 years for high school teachers. Will this affect us? No, not one of us.

Here's a new round.

Let's save a nickel every day To help the good old U. S. A. Since we cannot go and fight We'll buy thrift stamps with all our might.

How many high school students are going to farm this summer?

We are glad to welcome to C. H. S. Miss Grace Vohr, who is teaching Cicero and Freshman Latin, succeeding the late Miss Sally McEwan.

How do you like our attempt by now? We hope you have enjoyed The Tiger, for we have tried to make it interesting and pleasing. This is the first and we promise you bigger things next time and in the future. We will be glad to have any articles from the student body, as the more you write the more we will have to print.

RECORD ESTABLISHED

Whole Student Body in Parade First Time in Its History.

Last Thursday was a day to make every high school student feel proud. First it showed Connelleville's patriotism and interest in the Liberty Loan drive. Second, it was the first time in the history of the Connelleville high school that all the students turned out to march in a parade. "It certainly was a glorious sight to see the high school body in line, and only goes to show what the C. H. S. students can do if they try," commented an observer.

Reader Made Many Friends.

One of the most interesting features of last week was a lecture given Friday morning by Lieutenant G. H. Roeder. Lieutenant Roeder brought with him six cases of "internal machinery" which is being used to carry on warfare. He also brought with him several styles of clothing that the soldiers of the several nations are wearing "over there." These he exhibited in true fashion, using high school students as models. Lieutenant Roeder made many friends in the high school during his stay.

Enterprise Meeting Tomorrow.

The Enterprise Literary society will hold its regular meeting and program on Tuesday afternoon of this week. All members are requested to be present at this meeting.

The Class Play.

The cast has been chosen for the class play which is to be "The Time of His Life." Under the direction of Miss Baker and Mr. Smith we expect a big success.

Our Service Flag.

At the present time there are over 150 stars in the high school service flag.

TOP SLEEPING BERTHS WORKED BY RELAYS

Joe Cantillon of the Minneapolis Millers says he has no patience with ball players who keep on being assigned to upper berths or even doubling up in them. "Why we used to triple in uppers," says Joe. "Someone expressed doubt as to that and then Joe explained the 'system'."

"We worked it by relays," he said. "Two hours in bed and two hours on watch. At the end of two hours, the man on the inside of the berth had to get out, the man on the outside moved over and the man who had been sitting up on watch climbed in."

Cantillon sticks to it and defies any historian to disprove his story.

distributing this fuel among certain favored industries that give them preference in the matter of freight movement.

The fact that this situation has sprung up under government control of the railroads has produced widespread unfavorable comment in official circles in Washington, especially in view of the rigid and drastic supervision and regulation which has been maintained over the coal industry since last August, and the extreme measures which have been meted out to individuals and companies who violated, intentionally or otherwise, orders and regulation imposed by Dr. Garfield and his assistants.

Many Offices Discontinued.

An order has been issued by Director General of Railroads Meadood discontinuing separate city freight or passenger offices and the consolidation of "ticket offices into union of offices centrally located. Tourists and similar agencies and all off-line traffic offices are also discontinued.

Cornell baseball players will be required to furnish their own uniforms, equipment, etc. When the varsity also is chosen it will be outfitted by the Athletic association.

George Burges feels that the fates have been kind to him. Shortly after he received word that he was in class one in the draft, he was notified that he had been traded to the Athletics for Ping Bodie.

RAILROADS CAN NO LONGER ENJOY COAL PRICE CONCESSIONS

Government Rate Prevents Continuation of Former Practice.

WILL COST R. R.'S HEAVILY

Estimated That Fuel Bill This Year Will Be Increased at Least \$40,000,000 Over That of 1917; Revision of Price Now Subject of Consideration.

Radical changes in the purchasing of coal by the railroads of the United States, which may increase the cost of operation under government control by as much as \$40,000,000, are being considered by Dr. Harry A. Garfield, federal fuel administrator, and John Skelton Williams, director of finance for the railway directorate.

"The railroads will no longer enjoy the preferential rates which they have in the past forced from the operators in return for providing 100 per cent empty cars to favored operators. The exact price which the government must pay has not been determined.

"The question, in addition to the effect it will have on the railroads, involves the entire distribution of steam coal. It is estimated that the transportation systems require 25 per cent of the entire output, and the war industries, also a preferential class, in the neighborhood of 65 per cent of the remainder.

No decision is to be made in the matter that will not be equally advantageous to both essentials. Fuel administration officials are fixed in their determination not to continue the old practice of the railroads on the principle that the government cannot be a party to any unequitable arrangement.

"It is expected that, as a result of whatever agreement is reached, the railroads and war industries will be supplied, operators will obtain as nearly as possible the number of cars that their production warrants and working conditions will be maintained at an equitable level in all fields.

It was held that to allow the railroads to purchase at any figure too greatly at variance with the price fixed by the Fuel Administration would prevent the consummation of any of these results.

prices that the ordinary consumer could never hope to get. Contracts have come to the attention of the Fuel Administration calling for coal at a figure far below the cost of production. Most of them expired on April 1, with the end of the year. But there are many instances of long-term agreements, and the cancellation of all such contracts is among the steps being considered.

The prices which have been set by the Fuel Administration were all worked out on a basis of 10 per cent over the cost of production, and provide no place for contracts 50 per cent or more below that figure.

The problem is considered all the more serious by the Fuel Administration, due to the fact that there has been no gain in the coal supply.

Unless this situation can be relieved, it was stated, the American people will face the same situation next winter that they did last, for there can be no decrease in the constant demands of the railroads and war industries, no matter how much production may be curtailed.

It is for this reason that the Fuel Administration is hammering on its advice to buy early. Unless the operators can definitely determine through the slack months the production of which they can dispose they will be overwhelmed by the coming of cold weather by the requirements of all classes and face an impossible situation.

Negotiations between Dr. Garfield and members of the railroad control board may continue for several days. The officials of the Fuel Administration are not favorably inclined to the proposal, especially since an increase in the price of domestic coal now would completely upset the "Buy Coal Now" campaign which the administration has launched as a means of minimizing the possibility of another fuel shortage in household bins next winter.

Information placed before Dr. Garfield is that the railroads had gone to the producers along their lines and offered new contracts at 50 cents to \$1 under the prevailing government price, and promised to furnish all cars needed by those who accepted the contracts. In some instances these contracts were accepted—but on grounds that a full car supply would permit six and seven days' operation each week, thus reducing labor dissatisfaction and increasing their revenues.

Adjacent mines which had not accepted these contracts had been standing idle from two to four days a week for need of cars. Thus, the need of higher prices for their output has increased.

In several instances complaints were lodged by these operators with Dr. Garfield, and the matter has been put before the railroad control board which urged that railroads be permitted to make coal contracts without regard for the fuel administration. Dr. Garfield dissented from this view.

A sinister feature in the situation is the unrest which is spreading among coal miners because of growing idleness in less favored mines. This aspect causing keenest anxiety with Dr. Garfield. It is authoritatively stated that if the situation continues in its present course, labor troubles of serious proportions may spring up.

Dr. Garfield has instituted a sweeping investigation into statements made to him that many railroads have contracted for more coal than they need for transportation purposes, and are
